OUR GUARANTEE... is to provide our customers with the highest quality products and an unmatched dedication to customer service. With over 15 years experience, we understand that every inquiry requires individual attention to ensure that you will be completely satisfied with the service and products you receive. Whether you have a design already or need help with a new idea, our in-house art department works closely with the sales staff so that what you want is exactly what you receive. Our pricing policy guarantees that we will always provide our customers with the lowest price in the industry while still providing unmatched service and quality products. We look forward to working with you.

Hard Enamel

Our highest quality enamel pin. Each pin is die struck, hand filled with enamel color and hard fired for a smooth jewelry-like finish. Authentic cloisonne, Pantone (PMS) and 4-color process colors are available. Colors can be outlined by metal or printed directly on the enamel surface.

Please call a customer service representative at 888.388.4288 for a quote on your pin.

Embossed Enamel

A fantastic choice for a 3-dimensional look and feel. This style has the same thickness as our hard enamel pins at a slightly lower cost. Metal areas are raised and polished and the recessed areas are hand filled with color. A great way to add texture and dimension to your design!

Die Struck

A favorite of ours!
Our die struck pin gives any design a distinctive and tasteful look without the addition of color. Give your logo the sophisticated look of two tone metal. The recessed areas can be textured or antiqued for two distinct elegant pins.

Please call a customer service representative at 888.388.4288 for a quote on your pin.

Etched Enamel

Our most economical enamel option. The etched enamel process allows us to reproduce fine lines and details. Your design is etched into the metal, filled with color, polished and covered with an epoxy dome for added lustre and durability.

Screen Printed

Our screen printed process is ideal for those designs that have fine detail and color gradations. Each design is printed directly onto the metal and then covered with an epoxy dome for lustre and durability. If you have an intricate design that can't be modified or outlined with metal, screen printed pins are for you.

Please call a customer service representative at 888.388.4288 for a quote on your pin.

Fast Cast & Flash Photo

Need pins fast?

These styles can be produced in 5-10 business days.

FAST CAST

is similar to the embossed enamel, the metal edges are raised while the enamel fill is recessed.

FLASH PHOTO

offers a vibrant photographic image on a metal backing. High resolution artwork is required. If you need assistance with artwork please call and we will be happy to help.

Precious Metals

We take pride in using precious metals to produce high quality emblems that project the commitment, innovation and quality of your corporation or organization. We also offer a wide variety of gem stones and finishes which can further enhance and distinguish various levels of recognition or achievement.

Call us today to speak with one of our recognition specialists to develop a program for your company or organization.

Metal options: 14k Solid Gold, 10k Solid Gold, Gold Filled, Sterling Silver. Options: Engraving, Enamel Color Fill, Synthetic and Genuine Stones (Ruby, Emerald, Sapphire, Diamond).

We strongly encourage submitting art and specifications for a special quote as emblem pricing can fluctuate a great deal due to size of emblem and price fluctuations in the gold and silver market.

Pricing includes Tie Tack back and plastic gift box. Production time is approximately 5-6 weeks.

Like This!

General Information

We make ordering as easy as 1...2...3!

1. Call and talk to one of our experienced and friendly pin designers. We will answer any questions you may have.
2. Email, fax or mail your logo or design for a free pin layout and price quote. Napkin drawings are gladly accepted!
3. Have a pin to duplicate? Please send it in a padded envelope or call or email with size and description. We guarantee the highest quality at the lowest price.

Art Requirements

Camera-ready art is preferred in AI (Adobe Illustrator) or EPS format. TIFF, JPEG or BMP gladly accepted. Do not have artwork? No problem. Let our in-house art department help turn your logo or idea into a great pin design at no additional charge.

Attachments

Pricing includes a standard military clutch or safety pin back. We offer additional attachments to enhance your emblem. Please call for pricing.

Delivery Time

Normal production takes 4-5 weeks. Rush service is available in as little as 5 days...yes 5 days! Working with a deadline? Let us know and we will do our best to meet any request.

Packaging

All pins are poly-bagged. We offer a number of packaging options to enhance the presentation of your pin. From imprinted cards to gift boxes...you name it, we've got it.

Color

Pricing includes up to four colors. Designs that require extra colors may incur additional charges. PinCrafters uses the Pantone Matching System (PMS) when possible.

Less Than Minimum

We will be happy to produce pins in quantities less than indicated in our catalog. Please call for options and pricing.

Payment Terms

Payment can be made by check or credit card. We will be happy to extend credit upon approved application or references. Please call for application.

Legal

We assume that our customers have rights for the usage of all trademarked, service marked and/or copyrighted logos and designs sent to us for reproduction. We assume no liability in any trademark, service mark or copyright infringement dispute.
